Dental Bibs

premium quality, extra thick

Waterproof Bibs:
Our dental bibs have plastic poly film backing that keeps liquid and water from escaping and contaminating other surfaces, won't leak, and don't leave any residue on your clothes.

Provide Protection:
These colorful disposable bibs are large enough to use on a variety of patients; Each bib measures 13 x18 inches in size to provide coverage and protection; Keep your work area and clothes clean and save cleaning time; They effectively cover the patient's chest and neck area without being uncomfortable or leaving large areas exposed.

Reliable Material:
Our 3-ply tattoo bib sheet is made of non-woven fabric, which is durable, soft, strong and tear-resistant; These disposable dental pads can also be applied by patients to wipe the skin and improve customer comfort.

13" x 18"
330mm x 450mm
